Mason Health

Mason General Hospital • Mason Clinic

Serving Our
Community Since 1968!

Welcome to Mason Health

Eric Moll, CEO

Mason Clinic opened in February of 2020 as the expansion of Mason Health to meet the growing needs of the Mason County community. For more than 55 years, Mason Health has been serving and building relationships with the community members and patients.

Mason Health encompasses our many changes, keeping us in touch with our history, linked to Mason General Hospital. Mason Clinic signifies our future, it is a modern reflection of our organization.

The opening of the Clinic brought all of the District's clinics, except for Hoodspout Family Clinic, into one building, physically connected to Mason General Hospital. This creates a smoother, more integrated experience for patients while also enhancing collaboration among our team of health care providers.

Mason Health has evolved into a modern health care system, much different now than it was in 1968, when the District emerged as a single small rural hospital.

Every day at Mason Health is a new day for our patients and community. We always look forward to serving you! We will continue to bring our community together by empowering our patients to achieve their best health. This is core to everything that we do at Mason Health!

(L-R) Public Hospital District No. 1 Commissioners Don Welander, Lori Brady, Pamela Schlauderaff and CEO Eric Moll.

Mason Clinic Leadership & Services

Winfried Danke,
Chief Operating
Officer

Kelly North,
Director of Clinic
Operations

Shannon Barnhart,
Patient Access
Director

Mason Clinic's leadership team is excited to serve our patients and community! **Winfried Danke**, COO, joined Mason Health in 2024 and now oversees the day-to-day administrative and operational functions of Mason Clinic and Mason General Hospital ancillary departments, such as Laboratory, Diagnostic Imaging, Pharmacy, Dietitians, Environmental Services, Culinary & Nutrition Services and Rehabilitation Services. **Kelly North** came to Mason Health in 2019 and is now working closely with providers to implement programs and best practices to optimize patient care. **Shannon Barnhart** has been with the District since 2010. Her Patient Access teams are essential in delivering seamless and compassionate care, ensuring every patient at Mason Health receives the support they need right from the start.
